The school will bring together leading researchers and students from around the world to discuss the latest advances in logic, language, information, and computation. The school will feature a series of lectures, tutorials, and workshops on a wide range of topics, including:

- Logic and computation
- Natural language processing

- Artificial intelligence
- Cognitive science
- Philosophy of language

The school is open to students at all levels, from undergraduates to postdocs. No prior knowledge of logic, language, information, or computation is required.

Lecturers and Tutorials

The following lecturers and tutorials have been confirmed for L2IC 2024:

- **Johan van Benthem** (University of Amsterdam): *Logic and Games*
- **Philippe de Groote** (Katholieke Universiteit Leuven): *Natural Language Processing*
- **Tim Roughgarden** (Stanford University): *Artificial Intelligence*
- **Barbara Partee** (University of Massachusetts Amherst): *Philosophy of Language*
- **Michael Resnik** (University of California, Berkeley): *Cognitive Science*

Important Dates

* **Abstract submission deadline:** March 15, 2024 * **Notification of acceptance:** April 15, 2024 * **Early registration deadline:** May 15, 2024 * **Regular registration deadline:** August 15, 2024

Registration
