In a world of environmental crisis and political turmoil, Lisa Rusczyk's *Air Love* offers a timely and potent collection of poems exploring the complex relationship between humans and nature, the self and the other. Rusczyk's poems are lyrical and evocative, yet they also grapple with difficult questions about our place in the world and our responsibility to each other.

The poems in *Air Love* are divided into three sections. The first section, "Air," explores the natural world and our relationship to it. Rusczyk's poems capture the beauty and wonder of the natural world, but they also confront the ways in which humans have damaged and destroyed it. In "Elegy for the American Elm," she writes:

***“Gone, gone, the elms are gone,
Their leaves now scattered on the ground,
Their branches bare, their trunks diseased.
A silent witness to our greed,
They stand as monuments to our loss.”***

The second section of *Air Love*, "Love," explores the human relationships that shape our lives. Rusczyk's poems celebrate the love between parents and children, lovers, and friends. But she also explores the darker side of love, including loss, betrayal, and heartbreak. In "Ars Poetica," she writes:

***“I write to love, to be loved,
To connect with the world around me.
I write to make sense of the chaos,
To find my place in the universe.”***

The third section of *Air Love*, "Another," explores the ways in which we are all connected to each other, both locally and globally. Rusczyk's poems celebrate the diversity of human experience, but they also confront the

ways in which we often divide ourselves from each other. In "Another Country," she writes:

***“In another country, I am a stranger,
My language lost, my customs strange.
But in my heart, I am still the same,
A human being, with hopes and dreams.p>”***

Air Love is a powerful and moving collection of poems that will resonate with readers of all backgrounds. Rusczyk's poems are beautifully written and thought-provoking, and they offer a unique perspective on the human condition. This is a book that will stay with you long after you finish reading it.
